

## WHY CHOOSE IWP AS YOUR TRUSTED PARTNER?

✓ **Proven Foundation Expertise:**  
Decades of combined experience  
addressing structural, waterproofing,  
and concrete issues.

✓ **Honest, No-Pressure  
Recommendations:** We focus on  
long-term solutions, not  
unnecessary upsells.

✓ **Quality-First Workmanship:** Every  
project is completed with attention to  
detail and built to last.

✓ **Shared Commitment to  
Prevention:** We believe the best  
repair is one that doesn't need to be  
repeated.

✓ **Clear Communication & Reliability:**  
Consistent follow-through with  
partners and clients alike.

✓ **Local, Trusted Reputation:**  
Proudly serving Kansas with integrity  
and craftsmanship.

“ **REPAIRING THE  
PAST, STABILIZING  
THE FUTURE.** ”

## CARBON FIBER REPAIR

On top of being strong, carbon fiber is high in stiffness, tensile strength and is temperature tolerant to excessive heat. Because of Carbon Fiber being high in chemical resistance, it has become very popular in many industries such as aerospace and automotive.

## SPECIALTY COATINGS

What we offer:

Self leveling, Control joint, Saw cuts, Expansion joints, Preformed expansion joints, Fire caulk, Non sag, Semi rigid shave-able sealant, and Fire proofing.

## COMMERCIAL JOINT SEALANT

We offer interior and exterior joint sealants like semi rigid epoxy that can be used to seal a wide range of areas including expansion joints, saw joints, control joints, masonry, concrete slab, hollow metal door frames and building perimeters.

## ABOVE GRADE AIR/MOISTURE BARRIER

Above grade moisture air barriers included but not limited to:

- Permeable, Non-permeable, and fire rated
- Self-adhering moisture barrier
- High and Mid build fluid applied barriers dissing for behind masonry and exterior finishes
- Moisture air barriers dissing for EIFS systems

## BELOW GRADE WATERPROOFING

Our below grade includes but is not limited to:

- Foundation wall waterproofing including fluid applied
- Water base/Solvent Based Waterproofing
- Self-Adhering Waterproofing membrane
- Bentonite Waterproofing
